

How To Play...

We've split the Mr and Mrs questions into five different categories to find out what the groom knows about his bride-to-be, what she really knows about him, silly questions you might not want the answers to, outrageous questions you definitely will want to know the answers to and some that could start some heated but fun debate between the happy couple.

- 1** You probably won't want to ask all 101 Mr and Mrs quiz questions, so select your favourite and send the questions you chose to the groom prior to the hen weekend.
- 2** Ask him to send you his answers which you'll need to keep secret from the bride until the quiz.
- 3** Then ask her to give her answers before revealing the groom's answer.

You can either ask the bride alone or you can split the girls into teams with all the teams (and the bride) writing down their answers before you reveal the correct answers at the end of each round.

You can be the Mr and Mrs game show host or get one of the other hens to take that role. So, fingers on buzzers, here come our Mr and Mrs questions...
